709 Karna-Klean

Read Safety Data Sheet before using this product.

DESCRIPTION: 709 Karna-Klean is a biodegradable, petroleum free and chlorinated solvent free cleaner/degreaser with all natural ingredients. The base ingredient in this highly concentrated formulation is a natural solvent obtained from orange peel and pulp, giving 709 Karna-Klean a pleasant scent of fresh oranges. 709 Karna-Klean is an extremely versatile cleaner/degreaser capable of removing the toughest grease, grime, dirt, tar, lubricants, ink, paint, adhesives, and asphalt and oil residues. 709 Karna-Klean may be used to clean fiberglass, machinery, tools, ceramic tile, concrete, all metal and much more. Using 709 Karna-Klean can reduce your costs especially if you are presently using products containing petroleum distillates, alcohol or other hazardous materials. 709 Karna-Klean is water risible and affords you the opportunity to utilize one product to clean and degrease your entire facility effectively.

USES: Dissolves and removes asphalt, tar, grease, grime, and asphalt emulsions. **Cleans asphalt and tar from brick, cement, stucco, concrete, metal and all types of roofing equipment.** Also cleans and removes ink, adhesives, oil residues and most paints, graphite, dirt and scale.

APPLICATION: Spray onto affected area full strength and allow to penetrate a few minutes. Hose off completely with strong stream of water. May also be diluted for light duty cleaning. See dilution instructions on bottle.

NOTE: 709 Karna-Klean is a solvent. As a result, some staining may occur. Pretest on all plastic or other questionable surfaces prior to use.

CAUTION: Flammable liquid and vapor. Causes serious eye damage. Causes skin irritation. May be harmful if swallowed. Toxic to aquatic life. Wear protective gloves, clothing, eye and face protection when using. Keep away from hear, hot surfaces, sparks, open flames and other ignition sources. Avoid breathing fume, gas, mist, vapors or spray. Do not get into eyes, on skin or on clothing. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling. Keep container tightly closed. Avoid release to the environment. Keep out of reach of children. IF IN EYES rinse cautiously with water for several minutes. Remove contact lenses, if present and able to do so. Continue rinsing. IF ON SKIN was with plenty of soap and water. Remove contaminated clothing. IF SWALLOWED immediately call a POISON CENTER or physician. Rinse mouth. Do not induce vomiting. IF INHALED contact a physician if you feel unwell. In case of fire use dry chemical, foam or water to mist to extinguish. Store in a well ventilated area. Dispose of contents and container according to all local, state and Federal regulations.

PACKAGING: Available in 1 Liter bottles (33.8 ounces)
